***14+ Next Step pathway - New from September 2017!**

We would like to offer our junior members who are 14 years old and above the opportunity to get involved with some of the adult sessions. This will be on an invitational basis and will be a fantastic opportunity for our juniors to enjoy some Rusty, Mixed, Mens' or Ladies' sessions. This initiative will subsequently provide a platform for our teenagers who would like more competition to begin to integrate into the adult club teams. I hope you'll agree that this offers a great new addition to the junior membership package, providing a clearer pathway and connection between junior and adult tennis at Halton!
